Bug Report 1:
Duel Duo Wins don't count

Description:
Player's wins don't count when they receive "You won!" message.

Steps:
1. Open Duel Duo App
2. Click "Draw"
3. Select bot with the biggest health (ex. 120)
4. Click "Add to Duo"
5. Select bot with the next biggest health (ex. 100)
6. Click "Duel!"

Expected result:
Get message "You won!" and Wins: 1

Actual result:
Got message "You won!" and Wins: 0 (see screenshot)

Wins: 0

Losses: 1

You won!

Play again!

Bug Report 2:
Duel Duo "See All Bots" doesn't work

Description:
After clicking "See All Bots" list of all bots doesn't load
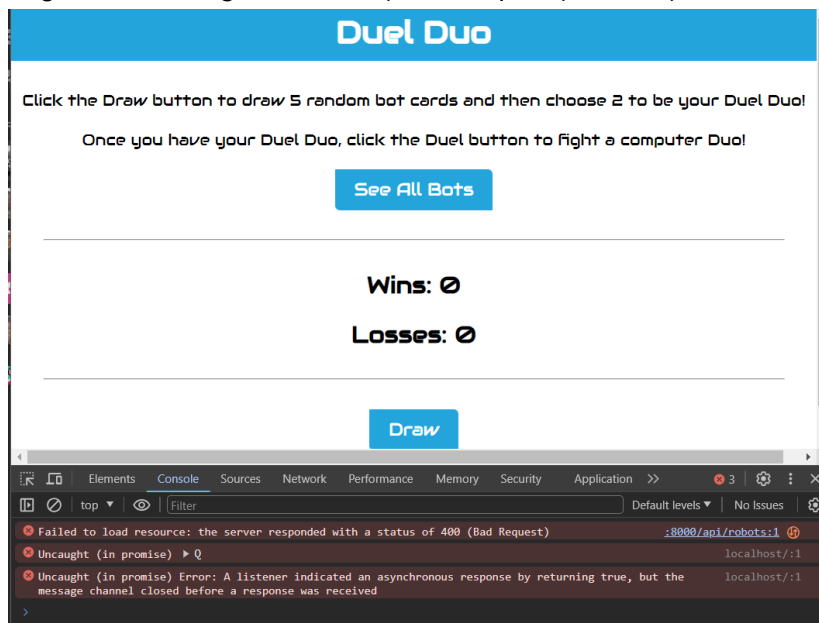

Steps:
1. Open Duel Duo App
2. Click "See All Bots"

Expected result:
Get list of all bots

Actual result:
Page won't change. Got 400 (Bad Request) status (see screenshot)

Test case 1:
No more 2 bots can be selected

Description:
Check that user can not select more than 2 bots

Steps:
1. Open Duel Duo App
2. Click "Draw"
3. Click "Add to Duo" on any bot
4. Click "Add to Duo" on any bot
5. Click "Add to Duo" on any bot

Expected result:
Get alert message "You can only choose two bots!"
